

Secure Your Place On First Pages of Google – End The Search For Your Site

Finally! Know With Certainty Where Your Website Is Positioned, And How You Can Dramatically Increase Your Rankings To Dominate Your Niche…; SITE INSPECTOR Guarantees Maximum Exposure to Your Target Market”

Millions of entrepreneurs like you spend thousands of dollars on having a website developed, only never to be seen in the search engines. It’s puzzling, you thought your site would be on the first page Google because it looks so fabulous….

The web developer never told you how to get FOUND by your hungry audience, or indeed, anything else was required apart from a bells & whistles website.

HERE’S THE WAKE UP CALL – unless you identify and hone in on your target market with the precision of an Exocet Missile, you may as well shoot blindfolded with one arm tied behind your back in the vein hope one of your potential clients catches your aim.
Are You Lost in Cyberspace??

What makes it worse, many people don’t even know WHERE they are positioned on the web, let alone how to start improving it. One of the golden rules of a successful business owner is to TEST AND MEASURE EVERYTHING.

That includes what is working and what’s not on your website. If you have no idea what your starting point is, how on earth can you expect to reach your goal with no path to follow?
Site Inspector Directs You To The Door Of Success

Using our powerful analysis tools, SITE INSPECTOR makes it so quick and easy for you to see at a glance exactly how your website is performing. Our advanced reports show you how your website is performing compared to your top competition, all the way through to a Site Inspector Mini SEO makeover.

As a Qualified Search Engine Marketer that’s passionate about implementing the latest white hat tricks and techniques to get your site seen, I can’t stress enough how important knowing where your goal posts are to keep you on track. Tweak, improve and expose your site to your ideal clients, and substantially increase traffic, leads and sales.

Site Inspector offers a range of Analysis Reporting and Implementation, depending on where you are at within your online growth, and how fast you want to improve results.

Site Inspector Positioning Report \$47

The Page Rank Google is allocating your index or home page, and up to eight main pages, of your website, so know whether the search engine recognises the value and relevance of your content

Where your website is currently placed in the global market. With over 120m websites, there are literally millions of pages of competition. I’ve created previously unranked brand new sites jump to a position of under 2m mark OVERNIGHT with the use of virally posted videos on my sites

Use this positioning report to monitor your growth in your rankings before and after massive promotion and marketing your site so you can measure your return on investment – we’ll run it before and after any major work you undertake

Make recommendations on how you can improve your site visibility even further with a few quick and easy insider optimisation tricks

Site Inspector Analysis Report \$97

As always, we guarantee results with our work. For Positioning and Analysis reports, there is no actual development work we are carrying out to be able to guarantee it, unless of course, they are run as part of an Online Video Package.

With the mini SEO makeover, I know I can improve your site rankings and help maximise exposure to your site. No Search Engine Marketer can ever guarantee a particular position in Google, as there is so much out of our control to affect that.

However, by using the Analysis reports and implementing the changes required, I know with certainty we can make a difference to your site positioning.

Site Inspector Outrageous GUARANTEE

You RISK absolutely nothing by saying YES to having your Mini SEO Makeover right now. As a Professional Search Engine Marketer, I know how to drive new traffic to your website and increase your search engine rankings EVERY TIME using above board tactics and taking advantage of Web 2.0 technology.

In fact, if a Mini SEO Makeover does not dramatically increase your ranking position, I personally guarantee to continue to use leading edge search engine strategies until you see proven results.

If after 60 days, you still see no difference in your search engine rankings , site positioning and traffic, I will refund your money in full

So go ahead, jump way ahead of your nearest competition and have your site working for your harder and smarter than you ever thought possible!
